SOURCE [REDACTED]

The Jama Dol munitions depot, which is located five kilometers southwest of
Karlovac, is being utilized to store munitions for the garrisons stationed
in Lika and Gorski Kotar. Twelve German-type anti-aircraft cannons constitute
the anti-aircraft defense for the depot.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 16 October 1973 from the
Director of Central Intelligence to the
Archivist of the United States.
